## MONONGAHELA IS RECEDING AFTER A RECORD HEIGHTH

### THE RIVER REACHES A STAGE OF 36 FEET

Fortunately, Change in the Temperature Minimizes Danger, And Turbulent Stream Is Gradually Receding

40 FEET WAS PREDICTED.

Danger Thought Past—Coal Men, Steamboat Owners, And Shippers, By Being Kept Posted, Are Able to Keep Their Craft In Safety

Owing to the sudden change in temperature, bordering on a blizzard, Friday morning, the rapid rise in the river which reached the unusual rate of 12 inches an hour, was fortunately checked, after reaching a stage of 36 feet, 4 inches, as recorded by the official gauge at the local locks.

Conservative estimates made this morning by old and practical river men that, had a sudden change in the weather not have taken place a stage of 40 feet would have been reached. A hearing feature, however, as gathered by a special reporter for the Mail, is to the effect that no serious damage has been reported so far, except the usual inconveniences occurring from flood of this proportion.

Coal men, steamboat owners, and shippers all along the river from Pittsburgh to Morgantown, were kept posted hourly as to the stage and condition of the river all day Thursday and Thursday night, and with such timely warning were able to keep their craft and river interests in subjection by resorting to use of heavy chains and large cables in securely mooring their property in safe harbors.

It is recalled, though, by older ones, that a flood of the present magnitude years ago, would have been very disastrous to both life and property, but by use of the telegraph and telephone much timely and very profitable warning is sent out.

Owing to the high water, all of the mines along the river have been out of commission for the past few days, but it is predicted that all will be in successful operation by Monday next, at which time the usual shipments of

#### CUDDY TO FIGHT MONDAY NIGHT

The Motor Square Garden fight card for Monday night shows the following: Matchmaker John McGarvey signed Tommy Murphy of the Hazelwood Athletic club, and John Bowler of the Triangle club, Lawrenceville, 145 pounders, for the second bout.

The card as completed includes Cuddy DeMarco of Charleroi, and Kid Kaplan, New England featherweight, and junior lightweight champion, in the main bout; Brick Ryan, Ellsworth, and Lou Janita, challenger of Pancho Villa and Frankie Genaro, in the semi-final, and Jackie Richards of the Northside and Johnny Grygo of the Round Corner club in the curtain raiser.

Kaplan will arrive here Sunday morning and will work out at Motor Square Garden Sunday afternoon, according to word received by McGarvey from Scotty Monteith, Kap-

#### BUTTER STORE IN PITTSBURGH ROBBED

Pittsburgh, Jan. 5.—(United Press)—Bandits ran wild through the city and country early today, staging at least a half dozen hold-ups. One of them at a North Side chain store, another at a physician's office, at Moon Run, and still another at Keown Station, Ross Township, where a cab driver was the victim of two thugs and a pretty girl. Holdups were numerous and the police are receiving reports today of pedestrians being relieved of their values by armed men.

#### ELDERSVILLE BLUEJACKET IS HOME ON FURLOUGH

John Wargo, Jr., son of Mr. and Mrs. John Wargo, of Eldersville, returned to spend the Christmas vacation at his home after an absence of nine months spent in the United States navy. Upon his enlistment Mr. Wargo was assigned to the U. S. S. Detroit, a navy scout cruiser, which soon after started on a tour of the Mediterranean. He was very much disappointed in not being able to secure a leave of absence to visit a sister in Budapest, Hungary, whom he had not seen since his parents emigrated to this country some years ago. Mr. Wargo will embark at Philadelphia for the Detroit, January 6, and join the fleet at Guantanamo Bay, Cuba.

### Church Folk to Goto Conference At Monessen

The members of St. Mary's Episcopal church are invited to attend a Conference for Young People to be held at Trinity church, Monessen, tomorrow afternoon, January 6, 1924. The program for the afternoon begins at 3:30 with services conducted by Rev. F. C. Lauderburn of Trinity church, Pittsburgh, the Diocesan chairman of Young People's work. Rev. Lauderburn will address the assembly at this time and will lead in the discussion to follow. Sunday will be served at 3 o'clock. A large number of local people have already expressed their intention of attending, leaving Charleroi on the five afternoon train.

An invitation is also extended to the local congregation to attend the ordination of the Rev. Albert N. Roberts to the priesthood at Trinity church, Monessen, on Wednesday, January 9, at 10:30 a. m. The Rt. Rev. Alexander Mann, D. D., will officiate, and the preacher will be the Rev. Homer A. Flint, Ph. D., of Pittsburgh.

### Locals Beat The Visitors-- Score Is Close

At the end of the regular time in the game here last evening between Charleroi High school and the Waynesburg team, the score was 12 to 12 and it was necessary to play five minutes extra for Charleroi to win 15 to 13. The Waynesburg team made a field goal and the local team a field and a foul goal in the extra minutes of play. From the start the game was fast and interesting. A field goal by White decided the game for Charleroi. Charleroi played a good floor game, but their ability to shoot goals was way off color. The first league game will be played next Tuesday night at Donora H. S. The summary:

Charleroi—15  
Waynesburg—13  
Wagner—13  
Amesbury—13  
Hoffman—13  
Biery—13  
Sheppard—13  
Stephens—13  
Dunn—13

Substitutions—Corkle for Wagner, Hazelbaker for Anthony, Johns for Hill. Field goals, Wagner, White 2, Anthony 2, Hill, Amos, Hoffman 2, Biery, Stephens. Foul goals, White 2, out of 6; Sheppard, 1 out of 2; Hoffman, 2 out of 3; Biery, 1 out of 2; Dunn, 1 out of 2; Wagner missed 2. Referee, James Wagner, Penn State.

#### LOCAL MEN PAY THEIR FINES

Chicago, Jan. 5.—(United Press).—Harassing of atomic energy may solve the world's future power problems, according to Prof. Herbert S. Philbrick of Northwestern University. "Water power cannot replace coal and oil," said Prof. Philbrick. "The future will develop power-producing devices now unknown, among them atomic energy condensers and solar radiation."

Prof. Philbrick declared that America's oil supply would be exhausted in nine years, if only oil was used to generate power.

"America's coal supply," he said, "is estimated at 2,500 billion tons, the oil supply at 7 billion barrels and the horsepower of the rivers and streams at 50,000,000."

"We have used 5 billion barrels of oil, about 6 1/2 tons of coal per person," said each year and the industries are using more than the potential horsepower of 50,000,000 horsepower," he said.

Prof. Philbrick predicted that within the next 100 years an invention even more significant than the steam engine will be perfected.

### Ask Removal Of The Chief Of Police

A petition prepared by the committee in charge of the campaign for better law enforcement in Charleroi is being circulated among the citizens of the town for signatures. It is understood that copies of the petition will be at the Charleroi town on Sunday, and will be presented to council at the meeting to be held Monday evening, January 7.

Following is a copy of the petition: "To the President of the Council of the Borough of Charleroi, and to all councilmen, we the undersigned citizens, respectfully present our petition that you favorably consider the proposed changes in the present police force, namely the dismissal of John Crumlin, chief of police, together with all inefficient patrolmen."

"We recommend for your careful consideration the application of W. H. Taylor, who is applying, upon urgent request of those citizens in-

### The League of Women Voters Predict A Year Of Educational Activity

Philadelphia, Jan. 5.—(United Press).—A period of educational activity based on a study of national, as well as municipal and state subjects was predicted for the Pennsylvania League of Women Voters during the new year by Mrs. John C. Miller, Pittsburgh, state chairman, in an interview with the United Press.

The new year's program of the state league was outlined by Mrs. Miller.

"In state affairs the league is interested in getting a big registration as a preliminary to winning a majority state wide vote in November in favor of calling a constitutional convention and in getting a big primary vote so as to insure the nomination and election of suitable candidates for the state legislature, for congress and for state treasurer and auditor general."

"In the 1925 legislature, the members of which will be chosen in 1924, the league will back a legislative program including revision of the county tax and assessment laws and election law reforms," said Mrs. Miller.

"State headquarters is sending to all local leagues a digest of the year's program which contains the very important election dates."

Items to be studied by local leagues party committees, the league's legislative program, the duty of county commissioners, the scope of local courts, the league's legislative program and the attitude of candidates, according to Mrs. Miller.

The state league will support the child labor amendment which is now before congress, she said.

"This amendment to the federal constitution would grant power to congress to establish a national minimum protection to all children and also preserve to each state its right to pass laws giving children even greater protection than the federal government provides."

"The league is also following up the proceedings in congress with regard to immigration," Mrs. Miller continued. "The present act restricting immigration to three per cent of each nationality based on the census of 1919, expires June 30, 1924. The league favors restricted immigration with full selection made by representatives of the United States before the immigrants take passage overseas."

"The League also favors an unbiased World Court and is opposed to proposals to lessen the powers of the supreme court of the United States to pass on the constitutionality of acts of congress."

"Meetings at which these vital national subjects will be studied and discussed will be held throughout the state early this year, with principal events at Philadelphia, Harrisburg and Pittsburgh."

#### COUNTY TO AGAIN HAVE A FAIR

Wilkes-Barre, January 5.—(United Press).—A fair again after a lapse of several years.

The Luzerne County Dallas Fair association filed a petition in the local court for a charter to supersede the old Dallas Fair association. The fair-ground, at Dallas, about eight miles from here, has been acquired by the new company, and extensive improvements are to be undertaken in time for a fair next fall.

### 15 BELOW ZERO IN WINDY CITY

Chicago, Jan. 5.—(United Press).—Lowest temperatures in a decade struck the middle west today bringing suffering to thousands in the tenement districts of the large cities.

The mercury stood at 15 below zero in Chicago at 6 a. m., the lowest mark since 1912 when it was 16 below.

Similar temperatures were reported from practically every section of the Great Lakes region and the middle west.

Chicago firemen were kept busy throughout the day in 24 hours—believed to be a record for this city.

Slight relief is in sight, weather bureau officials said. Somewhat higher temperatures are on the way from the Canadian Northwest.

#### Called Session of the Body By President J. Bryant Tussing to "Clear Slate" of Business For 1923

Health Board Reports

Body, Among Things, Recommends "Over Again" Paramount Need of a Garbage Furnace or Incinerator—Report, However, Is Returned

Council met in called session last night, with a full quota of the membership present. The meeting was called by President J. Bryant Tussing, ostensibly to "clear the slate" in time for reorganization, which will take place next Monday. The session consumed considerable time in the consideration of, and ordering the payment of bills, and hearing the reports of the borough officers, etc. In these reports, that of Burgess David R. Duval devoted that the collections for his office for the month of December were \$151. The labor incident to reorganization will thus, by this meeting, be minimized.

The board of health made its yearly report, in which it stated among other things, that the health conditions of the inhabitants are above the average; that the need of a garbage furnace is making itself manifest more clearly day by day; that "clean-up" week in 1923 was among the most successful in the history of the borough. The body, however, regarded the report as confusing and incomplete, and ordered it returned to the secretary of the board, John J. O'Neill, the secretary of council to notify Mr. O'Neill to draft another report and submit it to council.

Paul R. Ryland resigned his portfolio as auditor, the same being accepted. The matter of his successor was referred to the accounts and claims committee with power to act, in its recommendation as Mr. Ryland's successor of whom it deems worthy, to count.

The driver of the garbage wagon asked to improvise a place for the better dumping of the garbage, the request being referred to the sanitary and sewer committee.

An ordinance will be framed and acted upon governing the height of awnings.

It pays to advertise in The Mail.

On account of urgent repair work on Charleroi station, electric service will be Vernon, Charleroi and Lockport will be from 7 a. m. to 9 a. m. Sunday, January 6th.

**GET BEHIND YOUR TEACHER.**

Now that the holidays are over, the children have had a restful and happy vacation from school work, the parents have dedicated themselves anew to the kind of "peace on earth" which makes for a better world for their children, and we have all settled down to a term of enthusiastic accomplishment. Isn't it a good time for parents and school trustees to show their appreciation of the work of the teacher? Next to the parents no one is so interested in the children's welfare as the school teacher. She is so devoted to their general growth and development as well as their school education as the teacher. Her work will be far more effective if the children know that the parents and trustees believe in her, trust her judgment, and back her up in her ideals and her decisions. She will be happier as well as more effective in doing it. If the appreciation that is in the hearts of the people of the community finds expression occasionally in words in occasional hospitalities extended, and in other small acts of consideration.

**QUARTER BILLION LOST.**

More than 22,000,000 children were enrolled in the public schools of the United States last year. For the whole country, urban and rural, the schools were open an average of about eight months. Nearly 700,000 teachers were employed and this was a sufficient number to instruct every child enrolled every school day of the eight months the schools were in session, according to the U. S. Bureau of Education. By allowing them children to miss school one-quarter of the time parents caused the waste of one-quarter of the money paid to run the schools. The total cost last year in all the State combined was just about one billion dollars. Irregular attendance caused the waste of one-quarter of this immense sum. In plain figures a quarter of a billion looks like this: "\$250,000,000." The people who paid the taxes robbed themselves of this amount and at the same time deprived their own children of an average of two-months schooling.

**FILM STAR SAYS SHE IS BLAMELESS.**

Los Angeles, Jan. 5—(United Press).—"I am absolutely blameless in this matter and it is unjust for the censors or anyone to condemn me before they have heard my story."

Mabel Normand, film star, whose chauffeur shot and wounded Courtland Dines, Denev oil man, when he found Miss Normand in Dines' apartment New Year's day, today began her fight to prevent her films being banned throughout the country.

In an impassioned plea to the public and boards of censors not to condemn her to the fate of Fatty Arbuckle until her side of the story has been heard, the film star, from her sick bed in the Good Samaritan hospital here, said:

"I do not believe Greer (the chauffeur) had any attachment for me. But because this man went out of his way I have to pay the penalty."

"I appeal to the sense of justice and fair play of the people."

"All I ask is a chance to show I am innocent."

"Until my story comes out in court I ask the people to withhold judgment."

"There was nothing in any way wrong at Dines' apartment. There was nothing like a 'party' such as seems to be the general impression."

Miss Normand, informed of the action of the censors in several states, who recommended suspension of her pictures, was visibly affected.

"Because he (Greer) fired those shots is every censor in the country going to ban my pictures?" she asked.

"Greer was out of his head. I am not to blame."

Miss Normand said she could not understand how the chauffeur came in possession of her pistol, with which he fired on Dines when he entered the oil man's apartment to take Miss Normand home.

The film star today received scores of telegrams from censors in many states asking for details of the shooting and events which preceded it before taking action on the question of whether to ban films in which she appeared.

The communication says the Indians have been fanned to frenzy by the action of white settlers in seizing lands illegally and urges a government investigation of the situation, which it describes as the "East India of barbarism against civilization."

On the Paraguayan frontier, the communication says, white bandits have allied themselves with the Indians in pillaging ranches of white settlers.

Mr. Bryan thinks President Coolidge as a candidate will lose rather than gain by the announcement of Henry Ford, until recently, "the champion of the poor people of the country," that he has joined the ranks of the big business men in support of a "reactionary candidate." However, that may be, it is worth while to remember that Mr. Ford was a "big business man" from the outset and the tendency to regard him as "champion" at the expense of his own class was the result of a rather hasty assumption.

**CHARGE.**

The chairman of the gas company was making a popular address.

"Think of the good the gas company has done," he cried. "If I were permitted a pun, I would say in the words of the immortal poet, 'Honor the light brigade!'"

At this point a consumer jumped up with a shout "Oh, what a charge he's made!"

**A STEP IN SOME DIRECTION.**

A school teacher was very much annoyed by the continued mischievousness of one of her boys. At last she exclaimed in exasperation "I wish I could be your mother for just about one week. I would rid you of your naughty disposition."

"Well, I will speak to father about it," responded the youngster.

**WATCHWOMAN AT SPEERS IS HURT.**

Miss Mary Moreau of this place, who has been working at the Speers crossing for the past six years, met with a very peculiar accident early Wednesday morning.

Just as she was unlocking the door of the watchbox, a large lump of coal fell from a freight car, hit the fence, and balanced over and struck her left eye and the side of her face, causing

a rupture of the blood vessels in the eye. The injury is very painful, if not serious. She was rushed to the office of Dr. Gordon, where her injuries were dressed, and later taken home. This is the second time Miss Moreau has been injured in the past year. She was run down by an automobile driven by Dewey Stiffy of Pricedale. Miss Moreau was standing on the tracks holding the stop-sign up at the time. The driver claimed he did not see her until the car had hit her and dragged her a distance of 95 feet.

She was picked up in an unconscious condition and hurried to the office of Dr. A. S. Sickman, where her injuries were determined. It was found she was suffering from lacerations of the scalp, contusions of the left arm and leg, and minor bruises and cuts. Nevertheless, the lady expects to be back on the job by Monday.

Henry Ford's sudden leap-out of the Presidential candidate "ring" was the more notable because he landed in Mr. Coolidge's Christmas stocking.

## CANAL CLOSED UNTIL SPRING

Mauch Chunk, Jan. 5.—(United Press)—After operating longer than in any year during the past twenty because of the mild weather, the Lehigh canal has closed until next spring. Considerable hard coal was shipped to tidewater by way of the canal this year, but every year sees a falling off in the tonnage thus shipped. It is predicted that in a few years the canal will close because of lack of business.

## PARIS TO BE SOON DOGLESS

Paris. (By mail to United Press)—In 1913 Paris had 73,793 canine inhabitants. The 1923 figures show only 49,286. What has become of the 25,000 missing dogs in past ten years dog-lovers are asking. Most of them are put to death in the dog pound. One answer is that the high cost of food, and the doubling of the dog tax has made owning a dog a luxury out of reach of many people.

## The Personal Side

Miss Grace Hott of Lookout avenue visited in California last evening.

Mrs. Fred Weiland of Monongahela was a local visitor and shopper yesterday.

J. A. Murphy of Pittsburgh is spending a few days in Charleroi, attending to business matters.

Miss Grace Gaskill of North Charleroi accompanied the Girls' Charleroi High School basketball team to Steubenville, Ohio, last evening, and attended the game.

Mr. and Mrs. Harvey J. Frederick, who have been visiting with relatives in Shippensburg, Clarion County, for the past few days, have returned to their home in Fallowfield avenue.

Mrs. H. A. Stahlman and daughter, who returned to their home yesterday, after spending the week at the home of Mr. and Mrs. J. W. Mallory of Woodlawn.

Misses Jenny and Elizabeth Elliot of Lookout avenue have been called to Westtown, Ohio, on account of the illness of their brother, John Elliot, a former resident of this place.

Mrs. J. H. Clements and son Calvert have returned to their home in Greensburg, after spending the holidays with Mrs. Clements' parents, Mr. and Mrs. W. H. Calvert of Fallowfield avenue.

Miss Dorothy P. Fellows, daughter of Mrs. Sarah W. Fellows of Fallowfield avenue, will leave for Bridgeport, Conn., this evening, where she will continue her studies at the Fannie A. Smith Private Kindergarten school at that place.

Miss Grace Piersol, daughter of Mr. and Mrs. H. S. Piersol of Meadow avenue returned to Sargeant school at Cambridge, Mass., today, to take up her work there again after spending an enjoyable Christmas vacation with her parents.

Miss Gladys Walgren, daughter of Mr. and Mrs. Charles Walgren, who has been visiting at the home of her grandmother, Mrs. Watson of Prospect avenue, for the past few weeks, has returned to her home in Philadelphia, accompanied by her aunt, Miss Anna Watson, who will spend the week-end there.

Rev. George E. Breneman, pastor of the Methodist Episcopal church of Monongahela, will fill the pulpit of the local Methodist Episcopal church at tomorrow morning's services. Rev. Breneman is a noted speaker, having been in charge of many parishes, in and about Pittsburgh. He was pastor at the Sheridan church for a period of six years.

Mrs. Mary Mangan of Sharon is visiting at the home of Mr. and Mrs. William Guiler of Fallowfield avenue.

## BIG EFFORT FOR THAW'S FREEDOM

Philadelphia, Jan. 5.—(United Press)—Bartholomew B. Coyne, personal counsel for Harry K. Thaw, is expected to start habeas corpus proceedings within ten days as the first step in having the slayer of Stanford White declared sane to obtain his release from the Pennsylvania Hospital for Mental Diseases.

While Coyne is in New York today continuing his plans to obtain the release of the former husband of Evelyn Nesbit, Philadelphia attorneys are preparing for the Gump-Thaw damage suit listed to be heard on January 22 in common pleas court.

The suit against Thaw, which asks for \$650,000 damages, was brought through the father of Frederick Gump, Jr., Kansas City boy, whom Thaw is accused of horsewhipping in a New York hotel in 1917. The suit has been listed for trial more than a dozen times but always has been marked "not reached." It is doubtful if the case will be heard this session as it is reported the suit is about to be settled out of court for \$100,000.

Relatives of the prisoner, patient at the asylum, won the first tilt in their effort to block the move of Coyne to have Thaw declared mentally normal.

Coyne, while on a trip here, made three unsuccessful attempts to see his client. The New York attorney was refused permission to see Thaw because his name was not on the "courtesy list" of persons allowed to see the inmate. This list is controlled by Mrs. Mary C. Thaw, the 59-year-old mother of the inmate who was appointed as her son's guardian when he was committed to the asylum.

## In Society's Realm

A birthday party was held at the home of Mr. and Mrs. Amos DeHosse of Meadow avenue, Monday of this week in honor of their son, Amie, who celebrated his fifth birthday anniversary. Thirty-two small guests were present and spent a delightful time in games. Out-of-town guests were present from Courtney, Monessen and Belle Vernon. In conclusion luncheon was served by Mrs. DeHosse, assisted by her sister, Mrs. Joseph DeHosse, and favors of small yellow baskets filled with candy were presented. Amie received many appropriate gifts.

Miss Marie Riva entertained at her home in Fallowfield avenue with a card party, Wednesday evening, in honor of the girl members of the June class of 1923 of the Charleroi High school. The evening was enjoyed by all in card playing, the favors being awarded to Misses Dorothy Fellows and Mary Jacobson and was brought to a close by the serving of a dainty luncheon by the hostess, assisted by Miss Annette Stevenson. The members of the class present were as follows: Misses Dorothy Murphy, Mary Viola Daly, Mary Strauser, Clara Ann, Anna McCreely, Ranaa Stevenson, Annette Stevenson, Dorothy Fellows and Mary Jacobson.

The regular bi-monthly meeting of the Athene club was held yesterday afternoon at the home of Mrs. J. D. Berryman of Lincoln avenue, with a good attendance. The subject for the day was "Canada" and in accordance with that subject, Miss Elizabeth Hastings gave an interesting paper on the schools and educational institutions of that country, and their methods of teaching. Mrs. Alden O. Davis, formerly of this place, but now of Pittsburgh, gave a splendid paper on the many historic churches of Canada. As the roll was called the members responded by calling out the names of famous churches and schools of the country under discussion. Plans were discussed for the musical tea to be held at the next meeting of the club, Friday, January 18, for the benefit of the community fund, at the home of Mrs. D. E. Sloan of Crest avenue.

## RAMBLERS DEFEAT THE SPEERS A. C.

The Ramblers opened their season last night by defeating the fast Speers A. C. by the score of 34-6 on the H. T. A. C. floor. The Ramblers took the lead at the beginning of the game and were never headed thereafter. A. Dutline featuring for the locals. The lineup:

**RAMBLERS**  
A. Dutline.....F.....E. Sebranko  
E. Mitchener.....F.....A. Gaskill  
F. Fay.....C.....J. Martineau  
F. Banjo.....G.....H. Welch  
P. McBride.....G.....A. Bowser  
Goals—A. Dutline, 4; E. Mitchener, 1; Fay, 4; Behrendt, 1; McBride, 2; Feeney, 3; H. Gaskill, 3.  
Fouls—Ramblers, 4 out of 10; Speers, 0 out of 4.  
Substitutes—Feeney for Dutline, Behrendt for McBride.

**Chinese Are Everywhere.**  
Wherever one goes, one finds a Chinese. In Chile, in South America, he labors in the copper mines; in Russia he acts as executioner for the Bolsheviks; in London he is a tea merchant; in Paris, New York, Chicago, San Francisco he has an opium joint; in the Philippine islands he is a merchant prince, and all over the world he is a laundryman.

**Tradition Easily Acquired.**  
There is a peculiar flower growing in Central America which bears in the center of the petals a snow-white image of a dove. The Spaniards, upon discovering this peculiar blossom, called it the Holy Ghost flower, and soon created a tradition according to which it came down from heaven.

**To Make Hot Water Bottle Stay Hot.**  
To fill a hot-water bottle for an invalid, fill it half full and lay the bottle flat, holding the mouth up until water appears in the neck of the bottle. Then screw in the stopper, thus excluding the air. The bottle will be safe and the water will keep hot longer.—Designer.

**Real Pleasure in Life.**  
The truest pleasure comes from simple things. The art of living is mainly the art of enjoyment. It is no use being a millionaire and able to own palaces if one has lost all pleasure except that of adding to one's millions.

**Famous Old City.**  
The Hague has a population of 360,000. It is located in southern Holland, and is the seat of the Dutch government. It is a fashionable and handsome city with fine streets and avenues and attractive squares.

**Cleaning Sewing Machine.**  
Use sewing machine oil on a soft cloth to clean the wood parts of a sewing machine. It cleans as it polishes and keeps the machine from cracking and makes it look like new. Or any good furniture polish will do.

## COW ABSENT FROM DAIRY

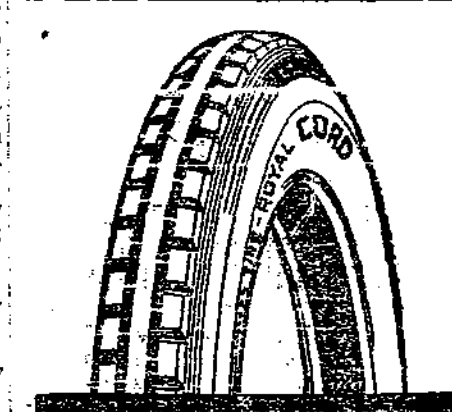

Pittsburgh, Jan. 5.—(United Press)—With various pasteurization and sterilization processes going on, the most conspicuous thing about a modern dairy is the absence of a cow.

In fact, cows have become so scarce in the city limits that Pittsburgh city councilmen doubt whether one-half of the school children here had a good view of a cow.

Something must be done, argued Councilman Malone, for forthwith Councilman Malone, for forthwith partment of public works that will land a good healthy cow in the zoo so that anytime anybody is hazy about the physiognomy of a cow he can go there and look at it.

Director of Public Works Dinley wanted to get a full herd of blooded stock, but city council thought one cow was sufficient for the present.

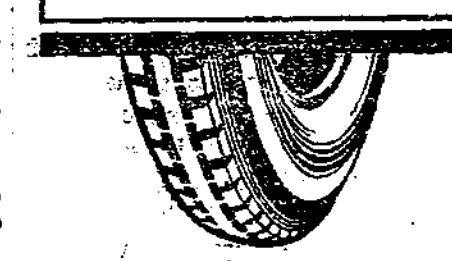

Brand Whitlock, our war minister to Belgium, has accepted appointment to "preside over the special commission to be created by the League of Nations for a new and independent inquiry on the controversy over the port of Memel on the Baltic sea," but Senators Lodge, "Hi" Johnson, etc., will probably be "too full for utterance" and therefore refrain from proposing to take Mr. Whitlock's American citizenship away from him.

## ACCEPT U.S. PLAN TO BAR OPIUM

Geneva, (By Mail to United Press).—The decision just taken by the Swiss parliament and the Swiss Federal Council to ratify before the end of the parliamentary session next June the Hague convention for the control of the opium and harmful drugs traffic renders virtually certain the eventual world-wide adoption and application of the American program for the suppression of the drug traffic. This program which has been officially adopted through the efforts of Congressman Porter, chairman of the House of Representatives Commission on Foreign Affairs, as the basis of the League of Nations program, provides not only for the limitation of the manufacture of prepared opium, cocaine, morphine and heroin to the world's actual medical and scientific needs, but a similar limitation also to the production of raw opium and cocaine.

To render the application of this program possible the League has summoned two international conventions for July of 1924. The first of

these will either limit or suppress entirely the production and use of raw opium for smoking in Pacific countries and which is still held as legal under the Hague convention.

The second conference, which will meet as soon as the above limitation to the production of raw opium has been attained will draft an international convention amongst all the great producing and manufacturing countries limiting the production of the manufactured or derivative products to the world's actual necessities.

To date the greatest obstacle to the above program or even to the successful application of the present Hague convention, has been the failure of several very important countries to ratify and enforce the latter. Of these outsiders, Switzerland, while not only one of the biggest drug manufacturing countries, but also a center for the unlawful commerce in these drugs, to surrounding and other states, together with Turkey and Persia as big opium growing countries, have been the biggest thorns in the flesh of those who are trying to control the traffic.

Under the Treaty of Lausanne the new Turkey agreed to accept the Hague Anti-Opium convention and to

## Delay in Getting Into The Building

Some delay is being occasioned in getting into the new Junior High School building located in Meadow avenue and Fourth street.

In conversation with Prof. Thomas L. Pollock yesterday afternoon, the superintendent of schools said that he had hoped to get into the building by January 23, but delays, which have been unavoidable, preclude this.

Yesterday, account of there being no heat in the structure, the plasterers were obliged to forego work.

The new building is a 16-room structure, exclusive of the gym and other auxiliaries. It is one of the best buildings of its kind in this section of the state, and will well serve the interests for which its construction was made possible.

undertake its rigid enforcement.

Persia has also notified the League of Nations that opium growing which is regarded merely as a form of agriculture and a means of livelihood will be reduced and abolished just as fast as western nations help the country to replace it with other forms of agriculture and means of livelihood.

As a consequence, Switzerland remained virtually the last important country in the world to have eliminated or suppress the harmful drug traffic.

## JUDGE SAYS THAT CHILD MARRIAGES ARE UN-AMERICAN

Pittsburgh, Jan. 5.—(United Press).—Child marriages are branded as un-American by Judge John McF. Carpenter, of common pleas court.

Judge Carpenter denounced child marriages when Giovanni Sessa, 16, brought her husband, Joseph, before him on a charge of cruel and barbarous treatment. The young wife, who was married at the age of 13, also claimed her husband beat her.

In granting the wife a divorce, Judge Carpenter said:

"The immorality of this marriage is so evident that nothing in its defense can be said. Child marriages are, the custom of certain peoples that are so far out of harmony with recognized social standards as to call for legislative inhibition."

"Americanization involves more than instruction in the fundamental, law and ability to speak and read English. Practical recognition of this fact is essential to the successful development of worth-while American citizenship."

### TWO YEARS ERE

### LOWER TAXES

Washington, Jan. 5.—(United Press).—American taxpayers today faced the possibility of a two-year wait for lower taxes.

President Coolidge's "no compromise" stand on the Mellon tax bill is accepted in Congress as an announcement that he will veto any measure that changes materially the principles of the Mellon plan.

The president's position was made known by a White House spokesman yesterday. It created a stir in Congress.

Democratic and Progressive leaders in the House replied to the president's announcement today by saying that the Mellon plan will not pass without drastic changes. In that event anti-administration leaders agreed there would be no tax reduction at the present session.

## THE COLD CAUSES

### INTENSE SUFFERING

Kansas City, Mo., Jan. 5.—(United Press).—Intense suffering is being endured throughout the southwest today by continuance of the cold wave which has now held sway for a week. Temperature in Kansas City touched ten below zero today, the coldest in eleven years. No relief is in sight, according to forecasters.

Charitable organizations in large cities were besieged for assistance. Heavy demands for coal, food and clothing were made by the needy.

Much of the wheat was covered by snow and is expected to be protected.

Considerable loss was reported among livestock on ranges.

Wire and mail communication was demoralized.

Frequent fires were caused by overheated stoves and furnaces.

## EVEN GARAGE MAN

### CONSENTS TO CLOSE

The Sunday Blue closing laws have taken their first step in Westmoreland county. Tomorrow they will make their debut in Webster, following efforts on the part of the Rev. Wagner, pastor of the Methodist Episcopal church of Webster, Frank Brown and John Campbell, Webster business men, who made calls on merchants of that place this week asking them to cooperate in the movement of suspending all business relations on the Sabbath. They met with a pretty good response. They secured the consent of the Webster Garage proprietor to close.

This garage has been doing wonderful business on Sunday since the Denora garage on the other side of the bridge has been closed.

## TERROR IN THE CHACO TERRITORY

Buenos Aires, Jan. 5.—(United Press).—Many people have been killed and a number of settlements burned in the Chaco territory along the Bolivian border by Indian bands, led by the chief, Mad Luis, the Argentinian.

### CUDDY TO FIGHT

### MONDAY NIGHT

(Continued from First Page)

lan's manager, yesterday.

Belief that DeMarco is biting off a little more than he can chew in taking on Kaplan at this time was expressed yesterday by a leading Pittsburgh fight fan, who has seen the New Englander in action. "Cuddy will have to keep going every minute and will be mighty lucky if he doesn't get a good trimming," this fight fan said. He expressed the belief that Kaplan is many times a better fighter than Kid Wagner, whom DeMarco mixed with a few weeks ago and good enough to take Johnny Dundee's junior lightweight crown any time they meet.

DeMarco has enjoyed a long run of successes before the fight fans and is looked upon here as one of the leading contenders for Dundee's crown. He has yet to be defeated in a Pittsburgh fight.

Bricky Ryan is likewise in for a rough evening in his bout with Janita, according to fight experts who have watched the Columbus sensation work. Janita has been camping on the trails of Villa and Genaro for some time, but as yet has been unable to get either in the ring with him. He carries a mean sock and has dropped a number of his opponents before the limit was reached.

The preliminaries will measure up to the standards of those staged here, within the past few weeks, the garden officials believe, keen rivalry existing between the participants in each. Members of the clubs which the boys represent are preparing to turn out strong for their favorites and have reserved blocks of tickets for the show.

\$85 TO \$110 OVERCOATS  
TO BE SOLD AT \$57

The largest stock of Overcoats ever purchased from one manufacturer at one time has been delivered to Kaufmann's for a record-breaking sale which they announce as beginning today.

Every garment is vouched for as being perfect goods manufactured for selling the Winter season of 1923-24. Kaufmann's assert that they were purchased at less than cost of material and labor, and will be sold to the public at less than Kuppenheimer's regular wholesale prices.

The mildness of the late Fall and early Winter accounts for the fact Kuppenheimer was willing to make unheard-of concessions in order to unload their surplus stocks. "The Big Store" saw an opportunity to make an unprecedented offering of high-grade Overcoats at prices that would be low for inferior grades. Kaufmann's has a heavy reserve fund for just such market opportunities, and the deal was completed.

Ten days ago the first of the Coats began to arrive from the Kuppenheimer factories in Chicago. As the garments are stacked in piles. Instead each is hung on a rack. To further aid patrons, Coats are arranged into sizes so that a man can quickly find his size and then make his selection, almost waiting on himself.

NEW YORK, Jan. 5.—One of the most famous tailors to the Prince of Wales, when asked what were the features that distinguished an overcoat, said:

"The cut is the thing, whether it is a good coat or a poor one."
